Sarah Anderson, Summer Program Director sanderson@resparish.org

Summer Program Overview

7:00 a.m.-8:30 a.m. Extended Care

Extended Care is available at no additional fee. Students should be checked into the program in our Extended Care room in the Farana Center; an adult must sign-in students to the program each morning.

8:30 a.m.-12:00 p.m. Summer Workshops

Our workshops program allows students to enroll in weeklong enrichment courses to supplement a student's school year curriculum. The workshops will cover a variety of academic and extra-curricular topics and a qualified instructor teaches each course. Each workshop is 90 minutes long; students will participate in two workshops per day, with a 30-minute recess in between. Please see the next pages for a full listing of workshops; some workshops will require a supply fee. Workshop topics will vary from week to week, for example, if you enroll your child in math each week, the curriculum focus will be different.

12:00 p.m.-4:30 p.m. Summer Camp

Students will eat lunch, and then participate in the afternoon program, including both on-campus activities and off-site field trips. A full calendar of activities will be provided before the start of Summer Camp. On-campus activities will include water play and guest speakers/performers. New this year, hot lunch will be available for purchase every day. This year's off-campus field trips are scheduled to include Aqua Adventure, Gilroy Gardens, roller skating, swimming, Golfland, Great America, and more!

4:30-6:00 p.m. Extended Care

Extended Care is available at no additional fee. An adult who is authorized on the emergency form must sign-out students from the program. There will be a \$5.00 late fee, due in cash at the time of pick-up, for every 5 minutes after 6:00 pm that your child is not picked up.

*Workshops do have minimum and maximum enrollment requirements. Priority will be based on date that paid registration is received. Most workshops will be offered in two sessions, broken out by grade level. Some workshops will require an additional supply fee, as indicated by (\$).

June 20-24**Theme: Summer Splash****Camp Only**

Our first **camp only** week kicks off the Summer Program. Campers will enjoy fun games and activities both on-campus and during field trips, including Aqua Adventure and Gilroy Gardens.

June 27-July 1**Theme: Space Race****Workshops & Camp**

(\$) Indicates that a supply fee will be required

August 1-5**Theme: Summer Olympics****Camp Only**

We will wrap up the summer with a week of Olympic-sized fun, including a field trip to Great America!

(\$) Indicates that a supply fee will be required:

Cooking supply fee: \$5 per student per week

Lego Bricks 4 Kidz supply fee: \$150 per student per week

*Field trip schedule is tentative and subject to change according to availability

Registration Process

Registration opens on February 1, 2016. To register for the summer program, please go to <https://goo.gl/mJhgl8> (case sensitive) and complete the online registration code. The QR code below will also take you to the registration form. Once you have registered online, please drop off a deposit in the school office for \$50 per week/per child. Your spot will not be fully reserved until the deposit is received.

We do offer two registration options:

- ◆ Morning workshops only: \$200 per week per child
 - Includes morning Extended Care
- ◆ Full day (morning workshops + afternoon camp): \$300 per week per child
 - Includes morning and evening Extended Care

Financial Policies

Please make checks payable to Resurrection School. The deposit is applied to the weekly summer camp fee; the balance is due at 8:30 a.m. on the Monday of each week your child attends the summer program. The registration fee is non-refundable. There are no credits for days that your child does not attend Summer Camp. There is no daily registration option; all registration is on a weekly basis. Students must be pre-registered for the week(s) they will attend; there is no drop-in option. There is a sibling discount for two or more children in a family; tuition is reduced by \$10 per child/per week.

Lunch Information

This year, we will be offering an option to purchase lunch every day. More details about lunch will be provided prior to the start of the Summer Program.

New this year: 7th-8th grade program

We are excited to open up the workshop program to 7th and 8th grade students. Each week, our 7th and 8th graders will participate in the two morning workshops that are being offered. Then in the afternoon, they will be teen helpers for our camp program, where students can earn community service hours for helping during the activities. Additionally, students can apply to be teen helpers during the morning workshops; a few students will be needed each week to help with this. Because the 7th and 8th grade program is only in the morning, the cost will be a reduced fee of \$200. Lunch is included in the registration fee for 7th and 8th grade students only.

Camp T-Shirts

All students will receive a camp t-shirt on their first day; this is included in their registration costs. Additional t-shirts will be available for \$10.00 each. Students must wear the camp t-shirt on all field trips. The shirts are the same as last year, so if you still have one, feel free to re-use it!

Lego Bricks 4 Kidz

We have partnered with the Lego Bricks 4 Kidz program to offer a few special workshops this year. Using the motto, "we learn, we build, we play," the Lego Bricks 4 Kidz program uses Legos to teach students a variety of skills including robotics, game design, and stop motion animation. An additional weekly fee of \$150 per week will be required to register for this program; a minimum of 8 students is required for each class. We are still finalizing the details of what specific workshops will be offered; weekly themes will be announced by mid-February. All registration and payment for this program must be received by June 15, 2016 (sorry, no exceptions). For more details about their program, please visit <http://www.bricks4kidz.com/california-sanjose-cupertino/>.

Teen Helpers

Our teen helpers are a valuable part of our Summer Program! 7th and 8th grade students can apply to be teen helpers in the afternoons during Summer Camp. A few openings may be available during the morning programming as well. High school students can apply to be teen helpers for our full day Summer Program. The application can be found at <https://goo.gl/GbZNz0>. Application deadline is Monday, April 4, 2016. Interviews will be scheduled for April.

Frequently Asked Questions

- ◆ **How do I register my child?** Go to <https://goo.gl/mJhgl8> (case sensitive) and complete the online registration, then drop off or mail the deposit in the school office. Registration will be available starting February 1, 2016.
- ◆ **Is lunch available to purchase?** Lunch will be available for purchase every day. Sign-ups will occur weekly.
- ◆ **Is there a sibling discount?** There is a sibling discount of \$10 off per child when you enroll two or more children from the same family.
- ◆ **Is there a daily rate available?** No, we are not offering a daily rate. We have to make arrangements ahead of time for field trip transportation, reservations, and admission, and have to know our weekly enrollment numbers. We also cannot accommodate drop-ins; students must be registered ahead of time.
- ◆ **Will there be homework in the Summer Workshops?** No homework! The summer workshops are designed to help students keep their academic skills sharp in a fun, enriching way, and to help them be better prepared for the new school year.
- ◆ **Can a student attend afternoons only?** The program is designed for mornings only, to attend the summer workshops, or for full day students, who attend the summer workshops in the morning and the Summer Camp program in the afternoon.
- ◆ **Are the summer workshops organized by age/grade?** Yes, the workshops will be split up by grade level and based on enrollment. The curriculum covered in the workshops will be specialized to the age group of the students in that session.
- ◆ **Why are some of the workshops offered for Kindergarten-6th grade students together?** Based on our experience, some of the workshops are best offered for all students together, either for enrollment purposes or because of the topic. It's no fun to play volleyball if there are only 5 people in the class! Teachers will still group students based on age when appropriate, but by combining age groups, we have the ability to offer the best possible program for our students.
- ◆ **Are the summer programs available to students who do not attend Resurrection?** Yes, just fill out the standard application.
- ◆ **What are the age ranges of students who can attend the summer programs?** Our Summer Program is open to students entering Kindergarten through 8th grade in the Fall of 2016.

- ◆ **How does my 7th or 8th grade student sign up to be a teen helper?** 7th and 8th grade students should fill out the teen helper application at <https://goo.gl/GbZNz0>. Deadline to submit a teen helper application is April 4. Interviews will be scheduled for April.
- ◆ **If I enroll my child in science (math, reading/writing, etc.) each week, will they get bored?** We hope not! The curriculum focus will be different each week, so if they take science each week, they will learn something new each week!
- ◆ **Are there additional fees for field trips?** No, the cost for the field trip transportation, admission, activities, etc. is included in the price of the Summer Program. For some of the field trips, there will be an option to purchase lunch.
- ◆ **What is the method of transportation for field trips?** We will take school buses on most of the field trips. A few of the field trips are close enough that we are able to walk. When we take a school bus, it is rented through the local public school district, follows all rules of safety as prescribed by state and local laws, and is driven by a licensed bus driver.
- ◆ **My child is in high school. Are there volunteer opportunities for them?** Yes, we love our teen helpers! Please have the high school student fill out the teen helper application at <https://goo.gl/GbZNz0>. Any questions can be directed to Ms. Anderson, Summer Program Director, at sanderson@resparish.org. Deadline to submit a teen helper application is April 4. Interviews will be scheduled for April.
