Reflection Session 10: Methodology, Part 1

Read pp. 6-7, 12, 17-18, and 23-24 in the workbook.

Please answer the following questions:

1. Why are the insights from psychology and other human sciences important for catechists and other pastoral ministers?

2. Using the work of Jean Piaget, describe the typical thinking ability of
   - Youth-Adults, 12-15+ years
   - Child, 7-12 years
   - Child, 2-7 years
   - Infancy-Age 2 years

3. What are some important insights from the work of Erik Erikson?

4. What is the primary psycho-social task for the group you work with and how can you assist them in their human development? (Or identify and reflect on the psycho-social task of people your age.)

5. What did you see or hear in this session that will help you in your ministry or your own growth?

Please turn in your assignment at the next session. Thank you.
