

Estate Planning Workshop

An estate plan is more than just a document that designates how your assets are passed down. Having an estate plan in place has a variety of benefits that extend beyond simple inheritance and cover critical elements that wills ignore, such as guardianship for your children, protection for your business, and what happens if you are incapacitated. Come join us for an educational session on what you can do today to protect your family, your wealth, assets and yourself.

Presenter: David Ryan, ESQ
