## *St. Joseph of Cupertino Parish and Catholic Cemeteries present:*

An estate plan is more than just a document that designates how your assets are passed down. Having an estate plan in place has a variety of benefits that extend beyond simple inheritance and cover critical elements that wills ignore, such as guardianship for your children, protection for your business, what happens if you are incapacitated, as well as burial and funeral plans. Through a comprehensive process Providentia designs complete, custom plans that protect family members, assets and values, starting with an initial 360-degree review process and maintaining your plan with a subsequent lifetime support program. Come join us for an educational session on what you can do today to protect your family, your wealth, assets and yourself.
