Providing opportunities to seniors, grandparents, aunts, uncles, and 50+ individuals looking to give back in many ways to share their talents and get involved in the community. The three generation approach centers on the whole family to create a legacy of educational success and economic prosperity that passes from one generation to the next.

BE STRONG PARENT CAFES

In collaboration with the Department of Family and Children's Services (DFCS) and Be Strong Families, Parent Cafe allows parents to build leadership and community through a series of 6 Cafes. Parent Cafes are a peer-to-peer learning process that promote individual self-reflection, builds on the Five Strengthening Families protective Factors, enhances community and fosters meaningful relationships.

SUMMER ENRICHMENT

In the summer, FMCI aims to build relationships between community members through four fun and interactive community events. Working in partnerships with other agencies, Pop-up Parks are able to connect community members to local FRC's, Community Centers, and resources.
