

DIOCESE OF
SAN JOSE

Types of School Responses for Close Contacts

Standard Quarantine

10-day
(return day 11)

Used for students who do
not test after exposure

Shortened Quarantine

Students may return to
campus after Day 5 with a
negative test

Requires verification of
negative test on/after Day
5

Requires schools to track
testing verification and
different return dates

Modified Quarantine*

Remain on Campus
during school hours

Requires onsite testing

Requires schools to track
testing verification

No Quarantine

Remain on Campus for all
activities

Requires verification of
negative test on/after Day
5

Requires school to confirm
exposed students are
vaccinated

** Modified Quarantines are an option for asymptomatic students identified as close contacts of a school exposure when universal masking has been followed (indoors and outdoors).*
